

MAKE YOUR OWN
CAT EARS AND
DUCK FEET
TO DRESS UP
LIKE QUACKERS
AND HIS FRIENDS!

Fold up along dotted line.

You will need:

Plain white printer paper OR construction paper in a variety of colors; scissors; string; a hole punch (if you have one); and a stapler or tape.

Directions:

Photocopy this page twice and cut out the shapes below to create 2 duck feet and 2 cat ears, OR use this page as a guide to trace your duck feet and cat ears onto colorful construction paper. Cut slits in the back of the feet where indicated.

Wrap the feet around a child's ankles, and lock in the tabs to hold them in place.

Cut one-inch strips of construction paper. Staple or tape the strips of construction paper together to create a headband for a child. Staple or tape the folded part of the cat ears to the top of the headband.
